The Papers now collected on the Subject of the Bangalore Police Superannuation Fund disclose the following facts

2. The Police Superannuation Fund in the Provinces originated in the Cantonment of Bangalore. In 1855, Col. Meiller, then Commissariat Officer and Superintendent of Police instituted the Fund but then no Rules were laid down to regulate the income and Expenditure connected therewith. In August 1856, certain sums which had been recovered from certain Ranks on promotion in the Police Force in the previous month were transferred from deposit account to the credit of the Fund which then consisted of fines.

In July 1857 Col (then

Cantonment certain
clauses of Act XIII of 1856

was sanctioned by the
then Commissioner: and
since then agreeably to
the Rules laid down in
Sections 17 and 18 of the
Act, a monthly subscrip-
tion of half an anna

levied from the pay
of each Police-man and

were not provided for
in the Act.

Same having to be regulated by Clauses 42 of Section XVIII of the Act. It was also ruled that no donations or Subscriptions could be refunded and that no one dismissed or discharged at his own request could have any claim on the Fund.

3. Thus was constituted the Cantonment Police Superannuation Fund of 1855 whose object was to relieve the Government of the pensions or compassionate allowances of old and unserviceable men of the Police Force. Accordingly, Pensions were granted from the assets of the Fund from time to time to worn out men in proportion to the length of their Services but without reference to the period for which they had Subscribed. In this matter the Act itself laid down certain

certain periods of Service as a condition for the grant of pensions but no terms as to period of Subscription. The practice adopted accordingly resulted in giving to Pensioners more than they had contributed to the Fund which therefore soon displayed Signs of insolvency. In August 1866, it was found that the average income did not Exceed Rs 59 per mensem, while the pensions payable monthly amounted to Rs. 101-6-6 The Fund however had a Sum of Rs 3000 invested in Govt. Securities bearing interest but the then available income from that and from all other Sources was only about one half of the amount of pensions. In

these

these circumstances proposals were submitted to the Govt. of India in March 1867 for the abolition of the Superannuation Fund of 1855 and the disposal of its assets with reference to the then contemplated introduction of a new Police Force with a new Fund under the terms of Act X of 1861 and for the State bearing the cost of pensions payable from the old Fund In accordance with the instructions received on the subject from the Government of India the old Fund was ordered to be abolished and its assets, after returning the Subscriptions of those that were paid Gratuities, were shared between the Govt: and the new Superannuation Fund constituted

accordance with the Rules framed under the provisions of Act X of 1861 and submitted for sanction to the government of India with letter No 2507 (Account depth) of 5th March 1869. With reference to these Rules the Govt of India invited attention to Act 7 of 1869 - an Act abolishing the Police superannuation Funds - and enquired whether, in regard to Pensions to be allowed to Police Officers on Mysore, it might not be desirable to apply Rules similar to those proposed for the British Provinces. And on being requested to furnish the Mysore Govt with a copy of the Rules referred to the Govt of India he said that the Rules were then still under consideration in the Financial department.

5. In the meantime, the Reorganization of the Bangalore District Police had been progressing and in anticipation of the Sanction of the Govt: of India, the men of the Entire force were placed under stoppages of pay in accordance with Section 11 of Act No V of 1861. Though in the British Territory generally, Superannuation Funds were abolished yet pending the Revision of the Police arrangements in the Province, it was thought inadvisable to interfere with the then existing Scale of pay allotted to the Bangalore Police Force and the deductions made therefrom on account of the Superannuation Fund.

In October 1874 the Police Revision of the Provinces having been

including Bangalore Pay of Lance Nk + ½ half annas in the Rupee

been completed it was observed that while the Scale of pay was uniform for the several grades in all the districts the Policemen of the Bangalore District were alone subject to the deduction of pay on account of the Superannuation Fund. Accordingly, the present Commr. as Ex-officio Inspector General of Police, urged that the Fund should be abolished and the assets amounting then to about Rs 22,000 credited to the Mysore State which would take on itself all liabilities and charges in connection with the payments of Pensions and Gratuities. This proposal was recommended by the Chief Commr to the Govt of India who in according to it their sanction

7. The Superannuation Fund now remained in the Province only in the Cantonment and Town of Bangalore under Rules which had been submitted to the Govt of India with Account Deptl Letter Nº 2507 of 5th March 1869 but which never received their Sanction. The Fund still continues to exist in the Town of Bangalore; In the South the present Civil & Military stations Stoppages on account of the Fund had been discontinued under orders of Sir James Gordon but

as they accrued after the Rendition those anterior to ~~that~~ event. being provided for either sufficiently or in= =sufficiently by the Superannuation Fund The Governor General in Council therefore considers that the Fund represents, as far as it goes, a liability incurred by the Govt of India in respect of Servants whose service has been continuously in some capacity or other under British administration. Having regard to the fact that the Govt of India hold the Assets of the Fund as trustees for its members and are still responsible to them for its liabilities no advantage is anticipated by the Govt of India from transferring

transferring a portion of the assets to the Alleysone State and thus incurring the obligation of applying to the Native Ruler when a liability of the Fund has to be met In these circumstances, the Govt of India say that no portion of the assets should be made over to the State. The present Resident considers this view a good one and requests that - if the Alleysone Durbar have no objection orders be issued to make over the Fund to the Residents Treasury with effect from 1st April

the Fund has now at its credit a sum of -- Rupees 24,207-7-6 as shewn below:-

9. In regard to the Town of Bangalore, the late Dewan remarked, so far back as March 1882, that the Police in the Provinces having been placed on the same footing in respect of pensions and gratuities as public Servants in other Departments, there was no occasion to retain any longer the special arrangement of the Superannuation Fund

Fund and requested the Bangalore Deputy Comr to state what arrangements he would propose to carry out the change. The Dy Comr replied that he was prepared to discontinue the stoppages of 1/2 anna in the Rupee for the Fund from the pay of the members of the Town Police on receipt of instructions to that effect and proposed that the accumulated Surplus of the Fund may advantageously be expended on the construction of Police Lines. This matter is pending orders. The Town Police have also complained of the deductions from their pay on account of the Fund. The balance at credit of the Town Police

No 2686/533

Office of the Resident in Mysore.
Bangalore, 12th March 1884.

To

The Dewan

of Mysore.

Sir,

I am directed to forward the accompanying copy of letter No 76.G. dated 11th January 1884 from the Secretary to the Government of India, Foreign Department, regarding the Superannuation Fund of the Police of the Civil and Military Station of Bangalore, and to state that the Resident has ascertained that the fund is in tact, but that the Contributions to it from the men's pay was discontinued from 1st April 1883 - Mr Lyall has ordered these to be revived with effect from 1st January 1884 - The Fund therefore is now fully reconstituted.

2. As to the question about the division of the assets between the Government of India and the Mysore State, the arguments contained in para 3 of the letter from the Foreign Department quoted above seems to the Resident to be good, and he is not aware that the Durbar claim any share in the assets of the Fund.

3. It appears to Mr Lyall to be advisable that the Fund should now be made over to the Resident's Treasury, and if the Durbar have no objection, the

Resident

sident will be obliged if you will give
lers for this being done with effect from
the 1st of next month, the beginning of the

No 76 G.

From

The Offg: Secretary to the Government of India

To

The Resident in Mysore

Foreign Depart:
Finance

Dated Fort William the 11th Janry: 1884

Sir

I am directed to acknowledge the receipt of your letter No $\frac{1638}{268}$ dated the 25th October 1883, regarding pensions and gratuities for the police force of the Civil and Military Station of Bangalore.

2. You first explain that your predecessor sanctioned the abolition of the Superannuation Fund and relieved the police of the Civil and Military Station from their contributions to it, on the assumption that he was following the practice observed in all provinces in British India. On these points I am to remark that although provincial Superannuation Funds have been abolished, yet similar institutions in the Presidency towns still exist and further, that police

forces

rees in provinces of British India
are not been relieved from con-
ibutions towards pension without
orresponding reduction of their pay.
The irregularity of Sir J. Gordon's
action in these matters has already
been noticed.

3. In the third paragraph of your
letter you state that the principle
upon which it is proposed that the
assets of the Superannuation Fund
should be distributed is, that the
gratuities or pensions of all police who
have been members of the Fund
shall be borne rateably by the
Mysore State and the Government
of India in proportion to their
service under the two adminis-
trations. The Governor General in
Council has carefully considered
this proposal, but he is unable to
accept it as altogether satisfactory.
When the province of Mysore ceased
to be administered as a whole by
the British Government on behalf
of the Native Ruler, it was practically

divided

divided into two parts. One of these comprised the territory which was handed over to the Maharaja: the other was the Civil and Military Station, which remained under the administrative control of the Government of India. The pensionary liabilities in respect of police in the first named portion devolved upon the Native Government, whether they accrued before or after the rendition. In the case of the Civil and Military Station similar liabilities devolved upon the Government of India, but only in so far as they accrued after the rendition; those which were anterior to that event being provided for either sufficiently or insufficiently, by the Superannuation Fund. The Governor-General in Council therefore considers that the Fund may be regarded as representing, as far as it goes, a liability incurred by the Government of India in respect of servants whose service has been continuously in some capacity or other under British administration. Having regard to the facts

that

that the Government of India hold the assets of the Fund as trustees for its members, and are still responsible to them for its liabilities, the Governor General in Council anticipates no advantage from transferring a portion of the assets to the Mysore State, and thus incurring the obligation of applying to the Native Ruler when a liability of the Fund has to be met. Under these circumstances, the Governor General in Council, as at present advised, is disposed to think that no portion of the assets should be made over to the State; and I am to enquire whether you see any objection to this view.

4. Assuming that the whole assets of the Fund are retained by the Government of India, the remaining point for decision is whether the Fund should be preserved or abolished, the police being in the latter case allowed pensions under ordinary or special rules. Your predecessor has not only abolished the Fund, but he has also relieved the

police

police from the equivalent of their subscriptions; and it will be necessary to consider further whether the police should be liable in future to pay the equivalent of Fund subscriptions, and what rates of pension should be granted to them. The Governor General in Council is not in possession of the information necessary for the discussion of these questions, and he is of opinion that it is desirable for the present to re-establish the Fund on the conditions which attached to it when it was abolished by Sir James Gordon. The members of the police force will not be required to pay arrears of the subscriptions which have been discontinued, and the Government of India will be prepared to consider any mature proposals which you may desire to submit, if you think the abolition of the Fund still advisable.

I have &c.a
